HEALTHY COOKING SECRETS FROM THE
LAND OF LONGEVITY—INTRODUCTION
TO THE SPANISH MEDITERRANEAN DIET

by Robin Keuneke

Part cookbook, health book, and culinary travel memoir, *The Iberian Table* pulls back the curtain to decode one of the world's healthiest cuisines. Spain has more restaurants in the world's top fifty than any other country and her people have a unique longevity, second only to Japan. With more than 100 easy-to-follow recipes, readers will gain advice on meal planning and weekly menus with ingredients easily obtainable from most grocery and/or health food stores.

This recipe requires a touch less salt because olives are added at the end. Salt the cubed eggplant and set aside. In a large skillet, sauté onions, 1 tablespoon minced garlic, and a couple pinches of salt in EVOO for about 50 minutes, stirring with a wooden spoon. Onions should be deep golden.

Drain eggplant of water, wipe with clean dishtowel to remove the excess moisture, and add to the pan with the onions, along with the pepper, zucchini, and most of the remaining garlic. Season vegetables with a pinch of salt, and ground pepper. Add herbs and a little more EVOO. Cook uncovered for 10 minutes, continuing to stir gently. Add EVOO. Cook uncovered for 10 minutes, continuing to stir gently. Cover and continue to cook until vegetables are blended. Add cumin and pimentón, adjust pepper, and add olives. Cook for a few minutes more. Taste. If necessary, adjust salt. Serve.

Roasted Cauliflower with Olives

(Serves 6)

The flavors of golden roasted cauliflower, smoky pimentón, and briny olives are a pleasing change to predictable vegetable dishes.

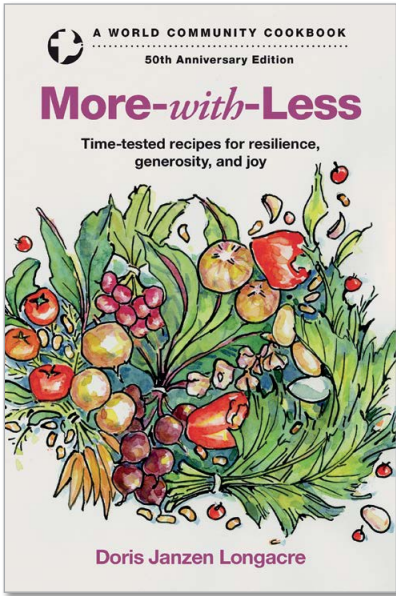

1 head of cauliflower, washed and cut into slices
10 cloves of garlic, coarsely chopped
10 large Spanish olives, mixture of black and green (remove the pits)
4 to 6 tablespoons of EVOO
2 teaspoons of hot pimentón
4 tablespoons of flat-leaf parsley, cleaned, dried and chopped
Salt, pepper

Preheat oven to 375°F. Add a glug of EVOO to coat the surface of a large cauliflower and garlic. Add pimentón, a light pepper, and roast covered for 20 minutes and minutes uncovered or until cauliflower turns brown. Roast a few minutes more. Remove from oven, finish with the parsley, and serve.

Book of the Body

by Sarah Elkhaldy

Book of the Body deconstructs the maze of belief and provides the reader with a clear map back to spiritual clarity. It reveals how our reality, like physics, has its own structure and laws that govern the soul's journey while introducing readers to a fundamental principle: every energy, quality, and force in existence contains a dual nature—one exalted, one detrimental. Through grounded explanations and original illustrations, this book turns abstract, esoteric ideas into principles the reader can connect to, understand, and apply.

Beyond Blessed Parenting

EMBRACE THESE SEVEN PRINCIPLES
AND EXPERIENCE AUTHENTIC CONNECTION

by *Tricia Thornton*

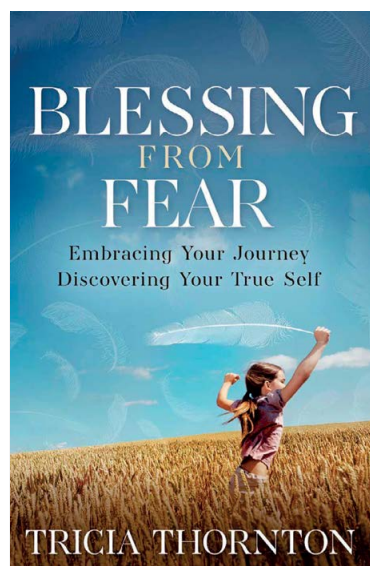

Beyond Blessed Parenting is the perfect guide for parents seeking to navigate the complexities of raising children in today's tumultuous world with heartfelt insights into personal growth and spiritual connection. It begins with a candid reflection on the author's inner doubts and challenges, revealing a transparent authenticity about the imperfections of parenting. This relatability sets the tone for a compassionate and supportive journey through parenthood.

Through seven foundational principles - silence, listening, acknowledge, renew, forgiveness, movement, and embrace - this book seeks to offer both respite and guidance. These principles encourage introspection, urging parents to cultivate their individual growth, which in turn enriches their parenting.

From Tricia's real-life experience as both parent and therapist, she offers reassurance to parents that while perfection is unattainable, a beautiful, immensely rewarding parenting experience is.

The Road Map

ESCAPING THE MAZE OF MADNESS

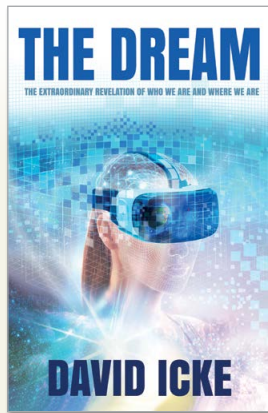

by David Icke

9.25 x 6.15 · Paperback
572 pages · \$29.99
9781837090716 · January 2026

“David Icke’s 1998 book *The Biggest Secret* was dubbed the Rosetta Stone of conspiracy research for connecting the dots that allowed a much bigger picture to be seen. The Rosetta Stone, discovered in 1799, revealed the language codes that allowed Egyptian hieroglyphics to be understood.

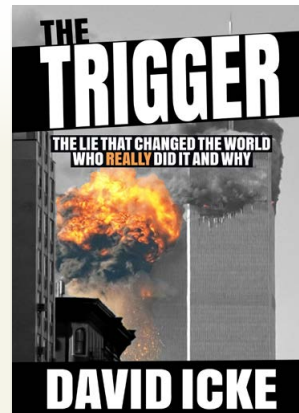

Now *The Road Map* presents a massive expansion with the benefit of a further three decades of research. The depth and breadth of this book reveals both the interdimensional panorama of the conspiracy for human control – and how we can break those chains to walk the road to freedom.

But how does it all fit together? Why? To what end? *The Road Map* provides the answers and for this reason has to be among the most important and reality-transforming books ever written.”
