God Looks Like Jesus:

A RENEWED APPROACH TO UNDERSTANDING GOD

by Gregory Boyd

Contributions by M. Scott Boren

Rediscover the God who inspires passion in our hearts.

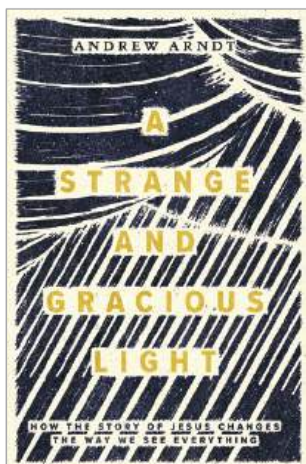

This introduction to understanding the character of God outlines what it means to be a Jesus-centered Christian and a Jesus-centered church. Authors Gregory A. Boyd and M. Scott Boren lay out the radical truth at the heart of this movement: *God looks like Jesus*. In other words, Jesus Christ is the embodiment of God's very essence—a love that is humble, other-oriented, and self-sacrificial. This truth is the heart of the gospel. If we think it through thoroughly and live it out consistently, this truth has the power to transform the church and the world.

Sacred Parenthood:

SPIRITUAL PRACTICES FOR THE
HIGHS AND LOWS OF PARENTING

by Aizaiah G. Yong, Nereyda Yong

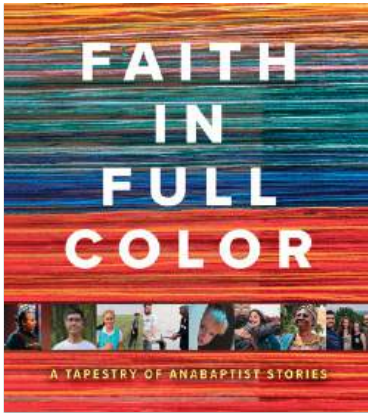

Between busy schedules, household tasks, and legacies of oppression, it can be difficult for parents and other caregivers of children to care for their inner selves, much less engage in spiritual contemplation. There is a way to find the energy and grace to tend to our families, along with the world, from a place of spiritual wholeness. Authors and life partners Aizaiah G. Yong and Nereyda Yong contend that social healing and world peace start at home. As the parents of four young children in an interracial and intercultural family, they offer stories and spiritual practices for the inner and communal lives of parents in a beautifully diverse world.

LEARNING TO LIVE WITH
LIFE-CHANGING LOSS

by *April Yamasaki*

When a shattered dream breaks your heart, how do you learn to hope again?

Never Alone:

SHARING THE GIFT OF COMMUNITY
IN A LONELY WORLD

by *Michael Adam Beck*

We have never been more connected—yet we have never felt more alone.

Isolation is the great soul wound of our time. As Christians, we know that the church has a unique gift to offer a hurting world: communal life in Jesus. This gift has the power to heal our loneliness and isolation. It is good news for the lonely, the isolated, the struggling. So why does it often sound like bad news to those who need it most?

Perhaps because we have misunderstood what the good news actually is—and how we ought to be sharing it. We have collapsed evangelism into offering a golden ticket to some postmortem destiny. But the goodness of the gospel we are called to share is about so much more: shalom, wholeness, and the peaceable kingdom of Christ breaking into the world. This is the gift of communal life in Jesus. A gift that re-ligaments us back together with God and one another.

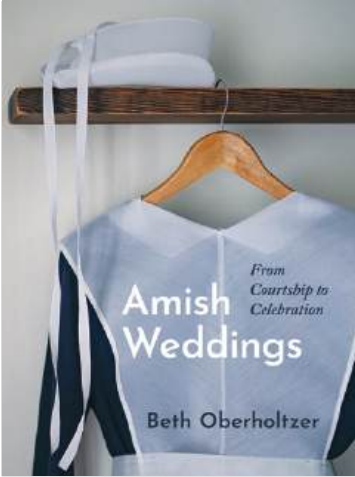

Never Alone unpacks how we can be spiritual guides who help people heal, love, and unleash imagination to create better lives and communities. We all can be instruments to bring healing and wholeness to people's lives in today's epidemic of loneliness and isolation.

In this collection of conversations, Ben Palpant, author of *Letters From The Mountain*, has compiled his intimate, one-on-one interviews with eighteen powerful poets of the 21st century. These intimate conversations cover an entire range of life experience, including grief, hope, culture, the writing craft, family life, and the imagination. Each poet speaks with remarkable candor and joy. Taken together, these interviews are a powerful reminder that poetry remains an essential expression of what it means to be human.

Franz Kafka famously said that "a book must be the axe for the frozen sea within us." And the words and thoughts contained here aim to wake up much that has become silent in each of us. They contain wisdom that may inspire, instruct, and strengthen, confronting us with the reality that words matter, that poetry matters, and that we matter.

Prone to Wander

A LENTEN JOURNEY WITH WOMEN IN THE WILDERNESS

by Joanna Harader

God meets us in the wilderness.

Most of us have spent some time wandering in a wilderness of one kind or another. So, too, have many women across the pages of the

Bible. In their stories of doubt and questioning, of dryness and distance, we can find guideposts for the inevitable wilderness periods in our own lives. As we enter into the Lenten season, this devotional by Joanna Harader explores the stories of thirty biblical women—from Eve to Mary Magdalene—who had their own such experiences. For some, the women inhabited a literal wilderness. For others, their wilderness was metaphorical. All were drawn closer to God, who does not leave us to wander alone.

About the Author: Wayne D. Kramer lives in the Southern Indiana countryside. He has been married to his wife and best friend, Kaly, since 2004. They have five daughters with the nature-themed names of Dawn, Brooke, Holly, Ivy, and Jade.

Before "Heroes of Time" dominated his mind, he worked extensively on creating an epic-fantasy novelization of a popular role-playing video game. Wayne wanted to be a published author for nearly 25 years before finally publishing *Heroes of Time Legends: Murdoch's Choice*. Life finally afforded enough flexibility that he is able to focus a lot more time developing the "Heroes of Time" series that he is very passionate about.

Another major novel in the series has already been written.

THE SEVEN time-travel adventure series follows a group of kids who are given incredible powers (super-charged displays of the gifts of the spirit) which they all received the same day then find each other over the course of the book series. They unite to battle a villain who is trying to disrupt Bible history.

There is some archaeology thrown in to show the truth behind the Bible. Every book has a secret code adventurers can decipher, testing to see how carefully they are reading and how well they know the Bible.

About the series: An inspiration for both *The Chronicles of Narnia* and *The Lord of the Rings*, these stories are deeply Christian (without being overtly so) in the sense that it conveys profound truths of the Kingdom of God in a way that even a child can understand. These are true classics that have never been out of print and many publishers have had an edition. First published in 1872, Walking Together Press has created a brand-new and beautifully illustrated hardcover edition—in a pseudo-manga style for a twenty-first century audience.

This inspirational, award-winning book is based on the powerful true story of Ivy the French bulldog. She lost the use of her back legs due to a rare genetic spinal disease, but learned how to overcome her challenge by believing she could do anything. Ivy shows true determination and figures out how to walk using only two legs and sometimes with the help of her wheels. This uplifting story shows children that anything is possible, to embrace their individuality, and to "Keep on rolling whatever you do and never let your troubles get the better of you."

REVIEWS

"Dee skillfully conveys basic tenets of quantum physics as she powers readers through the fast-paced story. The author also shows the simple power of kindness and what a difference it can make in a peer who is struggling. Myles proves this when he befriends Lucy, a girl from an often-moving military family. "We also have a responsibility to not spread misery," the protagonist opines, with wise words readers will learn from. "And you can't fake it, because energy is real. You are affecting people around you even when you don't know it. We need to learn to become aware of our own energy and to contain or control it." This is tangible advice to readers who may be unconvinced of their important places in the world. Dee deftly makes the unusual and offbeat believable, with characters who engender loyalty. Skillful plotting and lively prose power readers through the pages, eager to find out the next step in Myles' complicated destiny. Impatient readers won't be happy to find that this tale ends on a tantalizing cliffhanger, but they'll be eagerly awaiting the next installment."

—PUBLISHERS WEEKLY - BOOK LIFE!

"A thrilling but thoughtful adventure that older children and tweens are likely to enjoy. Overall, Dee focuses less on the superheroic elements of her story than she does on themes of empathy and friendship, and her book has a strong anti-bullying message throughout. Still, readers who enjoy superhero origin stories will enjoy this tale, even though there's no clear inciting incident that activates Myles' powers; there is, however, an amusing allusion to a spider bite as the possible trigger. The story also includes some standout scenes that young readers will find relatable, as when Myles begins a journey of self-acceptance: "Where do those thoughts come from? I would never say hurtful things like I think about myself to Charlie or Sally....Sometimes, it feels like my thoughts are my worst enemy."
